

What's Not Happening In The North End School System?

In an age when education is the single largest factor in determining the direction of our society, it is necessary to re-evaluate the current educational modes. Upon close examination, it is found that the elements of our society are receiving less than a second rate educational program.

With this in mind a Town Meeting has been set up to attempt to make the members of this deprived group aware of the problems that they face and some of the alternatives which are at their disposal. Thru speakers and discussions the possibilities for improving and increasing the now inadequate public educational facilities in Hartford will be aired to the public.

Drawing by Liza Meyer

TOWN MEETING PROGRAM

- 7:30 – Dr. Plante—Presentation of Awards to Children
- 8:00 – Introduction of Dr. Harry Golden (Mayor Anne Ucello)
- 8:10 – Harry Golden speaks on Education and Opportunity
- 8:40 – Mr. Glenn Turner awarding Mr. Model American Award.
- 9:00 – Mr. Archie Moore to receive award
- 9:15 – Discussion topics (to be led by panel)

Monday Evening At 7:30

Free And Open To The Public

Auerbach Auditorium

University Of Hartford

GLENN TURNER, Chairman of KOSCOT INTERPLANETARY of Florida is perhaps America's most unusual and youngest tycoon. Son of a North Carolina sharecropper, born with the physical handicap of a harelip, Mr. Turner parlayed a loan of \$5000 into a multi-million corporation with over twenty-odd subsidiaries. A long time friend of Archie Moore he readily agreed to come to Hartford to make the presentation of the Mr. Model American Award 1970 which the Society is giving to Mr. Moore.

Deeply involved with the problems of the racially and physically handicapped Mr. Turner hires in his company various types of handicapped persons. A typical example is one girl who is unable to sit and must rigidly stand at all times; Mr. Turner has taken her on flights in the company owned jets; one blind girl is a top sales worker of his.

ARCHIE MOORE, the 'ole mungoose' of boxing circles of yesteryear, now fights in another arena. Founder and Director of the ABC boys clubs, Archie is doing much to bring to former street urchins activities and boyish joys formerly reserved for the prestigious Boy Scouts of America.

HARRY GOLDEN, Author of all seasons, writes out of Charlotte, North Carolina. His column 'Only In America' appears in the Hartford Courant every Sunday. Harry Golden can easily be accepted as an Omsbudman at large, writing with a broad sweep his columns tackle problems of race, economy, justice as it affects the silent, hidden majority.
